Bethlehem Methodist Church

Policy for Church Sign

We want our new sign to be both informative and inviting. We propose that the sign announce church business and church activities and such Day Care information as graduations. We suggest Bible quotes as fillers. Information about personal activities such as reunions, parties, etc. scheduled for our Fellowship Hall are not permitted, nor are advertisements for church or Day Care positions. Any other topics must have the approval of the Trustees. Information on the sign should be concise and direct as possible which includes What? When? Where? And For Whom? (where appropriate). Because of training, only the Administrative Assistant, Pastor, Trustees' Chairman, and Media Coordinator are allowed to actually put the information on the sign, and it is highly recommended that all notice information be proofread by two of the above people before typed. No other signs will be placed on church grounds without prior approval of the Trustees. Any changes to this policy must be approved by the Board of Trustees.
